END NOTES

Director's Notes

Good evening and welcome to the Wydown Theatre Company's fall production of *Alice In Wonderland*. This production is based directly from the original novels by Lewis Carroll, *Alice In Wonderland* and *Through the Looking Glass*, and includes many of the characters that we know and love. It follows Alice as she explores Wonderland, the magical place that Alice imagines lies beyond the looking glass in her drawing room at home.

This production has become the success that it is due to the hard work and commitment of each of the Company members, and it has been an inspiration to see it come together. I truly hope you enjoy experiencing this story as much as we have.

Thanks for spending the evening with us, and a special thank you to my Production Assistants Belle Gage and Cavan Helmering for their ongoing leadership and commitment to making this production as good as it could be. It's been a pleasure working with both of them.

Enjoy the show!

Sincerely,
Carla Miller, Director
